

October 24-25, 2025

CUHK - OLC Surgeon Education Program 2nd International Workshop on CATS & Mixed Reality in Orthopaedic Oncology

In orthopaedic oncology, errors in surgical planning and resection may increase the risk of tumor recurrence and compromise patients' survival. This practical workshop includes talks on CATS applications, interactive case discussions, and a main focus on the emerging Mixed Reality (MR) immersive technology in orthopaedic Oncology. Participants (doctors and engineers) will learn the background of MR technology, its actual clinical applications, and its implementation in clinical settings. An MR hands-on training session is available to enhance participants' understanding of this immersive technology.

Course Chairman

Dr. Kwok Chuen WONG
*Prince of Wales Hospital
Hong Kong, China*

Overseas Faculties

Dr. Solomon DADIA
*Tel Aviv Sourasky Medical
Center, Israel*

Dr. Yujia GAO
*National University
Hospital (NUH), Singapore*

Dr. Shintaro IWATA
*National Cancer Center
Hospital, Japan*

Prof. Hei Ming LAI
*Department of Chemical pathology,
Chinese University of Hong Kong,
Hong Kong, China*

Mr. CK HUNG
*HA Head Office Information Technology
& Health Informatics Division,
Hong Kong, China*

Mr. Louis SZE
*Singular Technology Limited,
Hong Kong, China*

Course Fees

Lecture (Oct 24) - Hybrid Session
Registration Fee - USD 100 / HKD 800
Lecture (Oct 24) & Workshop (Oct 25) - Physical Session
Registration Fee - USD 250 / HKD 2000

Accreditations

Pending CME / TP (HKCOS)

Venue

Orthopaedic Learning Centre
Prince of Wales Hospital Hong Kong

Registration Deadline

October 15, 2025
