

CUHK - OLC Surgeon Education Program 2nd International Workshop on CATS & Mixed Reality in Orthopaedic Oncology

October 24-25, 2025

In orthopaedic oncology, errors in surgical planning and resection may increase the risk of tumor recurrence and compromise patients' survival. This practical workshop includes talks on CATS applications, interactive case discussions, and a main focus on the emerging Mixed Reality (MR) immersive technology in orthopaedic Oncology. Participants (doctors and engineers) will learn the background of MR technology, its actual clinical applications, and its implementation in clinical settings. An MR hands-on training session is available to enhance participants' understanding of this immersive technology.

Course Chairman

Dr Kwok Chuen WONG

*Prince of Wales Hospital
Hong Kong, China*

Overseas Faculties

Prof Shekhar KUMTA

*RMIT University and Professor
of Surgery Northern Hospital,
Australia*

Dr Solomon DADIA

*Tel Aviv Sourasky Medical Center
Israel*

Dr Yujia GAO

*National University
Hospital (NUH), Singapore*

Prof. Hei Ming LAI

*Department of Chemical pathology,
CUHK, HK, China*

Mr CK HUNG

*HA Head Office Information Technology
& Health Informatics Division,
HK, China*

Mr Louis SZE

*Singular Technology Limited,
HK, China*

Course Fees

Lecture (24 Oct) - Hybrid Session

Registration Fee – USD 100 / HKD 800

Lecture (24 Oct) & Workshop (25 Oct) – Physical Session

Registration Fee – USD 250 / HKD 2000

Accreditations

Pending CME / TP (HKCOS)

Venue

Orthopaedic Learning Centre
Prince of Wales Hospital Hong Kong

Registration Deadline

7 October, 2025
